

Prof. E. Antipova

Academic Background and Interests

Doctor of Geographical Sciences, Full Professor, Professor of the Economic Geography of Foreign Countries Chair, Geography Department, Belarusian State University.

Doctoral thesis «Rural settlement of Belarus: territorial structure and geodemographic development» (specialty 25.00.24 – Economic, Social and Political Geography) was defended in 2007.

Professor E. Antipova has participated in state scientific research projects in demographics, socio-economic geography as scientific adviser and responsible executor since 1984.

Scientific interests:

- Regional demographic and migration models of the world;
- Economic and geographic assessment of the demographic development of Belarus regions;
- Evolution of urban and rural settlements of Belarus and its regionalization.

Internships:

- Belarus, 1999, Project UNFPA № BYE/94/P50 “Economic-geographical analyses of the demographic situation and situating of population on territory of Belarus”
- Belarus, 2001-2002, Project UNDP BYE/01/001 “Development and International of the National Sustainable Development Strategy within the Context of the Republic of Belarus”.

List of the main research works and projects:

- To execute an economic-geographical estimation of character of demographic development and labor force opportunities of rural settlements in regions of Belarus (scientific adviser E.A. Antipova, BSU, 2001-2005),
- Comparative analysis of the Republic of Belarus and the Republic of Moldova rural demographic development in transition economy (Belarus-Moldova BRFFR Project № X08МЛД-005, scientific adviser E.A. Antipova, responsible executor L.V. Fakeyeva, 2008-2010),
- Comparative assessment of frontier location impact on socio-economic development of Russia and Belarus regions (Belarus–Russia BRFFR Project № Г09Р-028, scientific adviser I.I. Pirozhnik, responsible executor E.A. Antipova, 2009 – 2010),
- Cross-border and peripheral attitude as socio-economic development factors of Russian and Belarusian regions (Belarus–Russia BRFFR Project № Г10Р-019, scientific adviser E.A. Antipova, 2010-2012),
- Analysis of existing data sources in the sphere of family, marriage and divorce population trends of the Republic of Belarus (Project UNFPA, responsible executor E.A. Antipova, 2012),
- To develop and implement methodological guidelines for the effectiveness evaluating of measures intended for the challenges of demographic security (Project of the Ministry of Labour and Social Protection of Belarus, responsible executor E.A. Antipova, 2012–2013).

Professor E. Antipova is the author of about 200 scientific works and 15 monographs and tutorials.

List of main monographs and tutorials:

- Antipova, E.A. 2008: Geodemographic problems and territorial structure of rural settlement system of Belarus. In: Антипова, Е.А. Геодемографические проблемы и территориальная структура сельского расселения Беларуси / Е.А. Антипова. – Минск: БГУ, 2008. – 327 с.
